

## SHEET MUSIC—SCORES *and* PARTS —for STRING ORCHESTRA

This collection is especially intended for use by schools and universities. As here used, 'string orchestra' includes music of at least 4 parts with a bass line that can be played by contrabass as well as cello. Highly contrapuntal music is featured for its mental-musical benefits. Parts are duplexable when feasible and letter-sized (without reducing note-size—very time-consuming), except for A4-size files that may require just a few percent reduction in size for printing.) NB: Strings are often *divisi*. All pieces are in the public domain or published with a [Creative Commons 3.0 license](#) (applies to any work by me—e.g., Bach arrangements). Pieces that I (John Howard—JDH) played in middle or high schools in the mill-town of Oregon City, OR 1958-1965, are followed by an \*. ('CB' and 'DB' = contrabass, i.e., double bass. 'BC' = figured bassline.) Please contact me about any errors, or to comment: [johnhoward@alum.swarthmore.edu](mailto:johnhoward@alum.swarthmore.edu)
